Keyboarding & Word Processing

COMPLETE COURSE

LESSONS 1-120

Certified Approach

Leverage the Power of 2007! ^{17e}

Focus on the keyboarding and formatting skills most important for career success. *Keyboarding & Word Processing Complete Course 17E, Lessons 1-120*, uses proven techniques to guide users from the basics of new-key learning to business documents using the commands of Microsoft® Word 2007. Lessons are clearly focused on your needs with skill building, communication skills, proofreading activities, and document formatting. An emphasis on graphics and design provides you with the skills to produce professional, appealing documents and business communications. Word processing commands are presented and reinforced before being applied within documents. Commands include the tab and group path for quick recognition.

- **Lessons 1-25** concentrate on developing keyboarding skill by learning the alphabetic keyboard, top row numbers, symbols, and the numeric keypad.
- **Lessons 26-40** teach the basics of document and word processing formats including block and modified block letters, memos, e-mails, reports, tables, reviews and edit documents, and graphics and newsletters.
- **Lessons 61-120** focus on mastering document design and designing specialized documents.

New to This Edition! *Keyboarding Pro DELUXE*

- All-in-one software
- Skill-building lessons to extend basic skills
- Document production software for Microsoft® Word 2007
- Error diagnostics with drills designed to improve specific accuracy problems

- Error checking of both keystrokes and common commands
- Multimedia presentations of Word commands, communication skills, and document formats
- Enhanced Web Reporter for online classes and a grade book for instructors
